

5 Ways to Landscape On a Budget

Step #1

Introduction

When you call, stop by, or email us for your **Free Consultation**, we discover what your plans are. Based on an on site evaluation, we can use our experience to create a custom landscape design.

Save Smart

Work with in your Budget

Step #2

The Estimate

Based on the in depth consultation and precise measurements, we are able to provide an itemized estimate. This offers a clear cost analysis of any work to be performed, **enabling you to work within your budget.**

Step #5 Enjoy!

The Design

In most cases, a **FREE** custom computer design will be created by our experienced staff. It doesn't matter if your new landscape is installed by you, the homeowner, by the H & M Team or **in phases**, having a design **saves time and money.**

Plan Smart

Do it all or in Phases,
we can help

Step #3

Step #4

Installation

Our professionally trained Team has the experience to install most projects in just a single day!

Our certified installers can handle practically any size job, on **any budget**, residential or commercial.
